

WESTERN MEADOWS IRRIGATION DISTRICT

P.O. Box 11357, Glendale AZ, 85318 (602)803-8821 WMID.Org Officemgr@wmid.org

Several of you have raised the issue of WMID irrigation schedule. Please understand that we cannot change our entire schedule so that those of you who get water in the middle of the night can change and get water during the day or when you get off work or whatever is convenient to each of your needs. We must maintain a certain level of water flow in order to make our coveted irrigation work. That said, we have listened to concerns of many of you reference the current schedule and would like to propose a slight variation in order to resolve these issues. This change will not affect those west of 39th Ave., however, those east of 39th Ave would see a change. Understand, this is a proposal that will be on the March Board mtg agenda.

Currently, we start irrigation on Monday at 7 am and run it thru Friday PM in the winter and Sunday AM in the summer. Many of you east of 39th Ave, irrigate on the weekends, causing problems with family activities and at times with holiday weekends.

PROPOSED SCHEDULE:

During the summer (2 week) schedule we will do irrigation EVERY WEEK. First week will be those west of 39th Ave (no change). Pump will be shut off on Wednesday. Second week, we will do everyone east of 39th Ave starting at 7 Am on Monday morning and ending on Wednesday. Sign up will change a little. West side will sign up for 1st week and east side will sign up for 2nd week while 1st week is irrigating. EVERYONE WILL IRRIGATE ON MONDAY TUESDAY OR WEDNESDAY--- NO MORE WEEKENDS. The changes affect everyone on the east side of 39th Ave. and although we will be irrigating every week, we will eliminate weekend irrigation. Lastly, during the winter 3 week schedule, we will continue the M T W and have one week of no irrigation during that time.

This is a proposal and will be on the March Board Meeting agenda.
