

WESTERN MEADOWS IRRIGATION DISTRICT

P.O. Box 11357, Glendale AZ, 85318 (602)803-8821 WMID.Org Officemgr@wmid.org

WMID is currently trying to update our irrigation system so as to provide better service to our customers. Some of our gates and valves are outdated and have caused problems with leaks and improper closures and openings. WMID will begin a major construction project along 39th Ave. that should assist in correcting these. Starting February 15th, all the valves along 39th Ave will be replaced with new crank type irrigation boxes. Construction WILL NOT interfere with irrigation schedules and those along 39th Ave will have irrigation valves moved off your property. First phase will start on 39th Ave between Yorkshire and Topeka. Second phase will be S/W corner of 39th Ave / Topeka, then the one between Topeka and Wescott, and then the one between Wescott and Topeka. During this construction, we will lower the box at 39th Ave/Wescott and redo the exterior.

Please call Terry at 602-615-6056 if you have questions or concerns.
